- Extremely durable, vinyl jacketed Stainless Steel Cable Tie.
- Smooth vinyl jacketing prevents damage to installation cable insulation.
- Stainless steel crimp sleeve for easy field installation with electrician linesmen pliers, or wire cutters.
- UV protected vinyl jacket is excellent for solar installation where product durability is required.
- Use standard wire cutters to both crimp the sleeve and cut the excess wire.
- Constructed from Commercial Aircraft Grade Stainless wire with UV protected vinyl jacket.
- 3/8" (9,5 mm) minimum bundle diameter.

Material

Commercial Aircraft Grade 302/304 stainless wire w/UV protected vinyl jacket

Certifications

 $_{c}(U_{L})_{us}$ Certified by Underwriters' Laboratories for Compliance with both Canadian and U.S. Requirements under File E54523
